# Cover

February is traditionally known as the month for lovers. St. Valentine himself was a Christian priest, martyred during the Middle Ages for his association with love and romance. Today we celebrate this special day for one occasion — love. Valentine's Day seems to evoke the romance in all of us. Many couples choose to become engaged or married on this day. While our February cover models are not a couple, they are respectively, Apryl Hettich and Massimo Defilippo.

Arizona will be proudly represented when Apryl Hettich steps on the stage at the 1993 Miss U.S.A. Pageant to be held in Wichita, Kansas on February 19. The pageant will be televised locally on CBS, KTSP-TV channel 10. Hettich speaks fondly of her Comanche Indian ancestry. Her great grandmother was on the Trail of Tears, the infamous movement of Indians from Texas to the West. Hettich will be judged on her costume — an authentic Native American Indian Jingle Dress made by a Navajo woman from Tuba City.

On our cover she is wearing clothing from Ap'ropo. White denim jeans and a matching cropped jacket are embroidered with red and fuchsia flowers, small red hearts are scattered delicately over the shoulder and as accents for buttons. This sweetheart ensemble also comes with a coordinating white cotton shirt and white cotton T-shirt with the same detailing.
